

研討會論文

國際會議

1. Chen, T.C., .Lee, C.Y., Lee, S.Y. and Wu, W.L. 2006.Construction of a Orchid (*Phalaenopsis equestris*) Bacterial Artificial Chromosome (BAC) Library and a Preliminary Genome Survey. 11th IAPTC & B (The International Association for Plant Tissue Culture & Biotechnology) Congress: Biotechnology and Sustainable Agriculture 2006 and Beyond. 13-18 August, 2006. Beijing, China. Abstract book: 63
2. Han, S.Y., Lee, C.Y., Chen, T.C. and Wu, W.L. 2006. Development and Variability Analysis of EST Microsatellite Markers in Orchid. 11th IAPTC & B(The International Association for Plant Tissue Culture & Biotechnology) Congress: Biotechnology and Sustainable Agriculture 2006 and Beyond. 13-18 August, 2006. Beijing, China. Abstract book: 128

國內會議

1. Lee, C.Y., Lee, S.Y., Chung, Y.L., Chang, H.C., Chen, T.C. and Wu, W.L. 2006. Molecular organization of the orchid genomic SOC1-like floral activator gene and identification of polymorphic SSR markers in the intron regions. 2-3 March, 2006. Symposium on Recent Advances in Biotechnology, National University of Kaohsiung. Abstract book: 185
2. Lee, C.Y., Lee S.Y., Chung, Y.L., Kuo, Y.T., Chang, S.C., Chen, T.C. and Wu, W.L. 2006. Molecular cloning of the *Phalaenopsis* orchid genomic SOC1-like floral activator gene, PeSOC1: genomic organization, expression and functional analysis, and associated species-specific microsatellite marker identification. Symposium on Frontiers of Plant Science, 15-16 December, 2006., Taipei, Taiwan. Abstract book: 53.
3. Han, S.Y., Ciou, C.Y., Lee, C.Y., Chen, T.C. and Wu, W.L. 2006. Development of cDNA-derived microsatellite markers in orchid and their use in phylogenetic and fingerprinting analyses. Symposium on Frontiers of Plant Science, 15-16 December, 2006., Taipei, Taiwan. Abstract book: 63.

4. Huang, M.D. and Wu, W.L. 2006. TMAC2, a novel negative regulator of abscisic acid and salinity signaling, has pleiotropic function in *Arabidopsis thaliana*. Symposium on Frontiers of Plant Science, 15-16 December, 2006., Taipei, Taiwan. Abstract book: 42.
5. Lin, T.J. and Wu, W.L. 2003. Dinucleotide microsatellite in *Phalaenopsis* orchid: the development and characterization of molecular markers. Eleventh Symposium on Recent Advances in Cellular and Molecular Biology. 20-22 January. Pitung, Taiwan, Abstract book: 78.1.
6. Li, C.Y., Yang, M.L., Huang, M.D., Wu, C.L., Shiau, A.L. and Wu, W.L. 2003. Double-stranded RNA induced RNA interference (RNAi) promotes anti-viral effect in A549 human lung cancer cells. The Eighteenth Joint Annual Conference of Biomedical Sciences 22-23 March, 2003. Abstract book: 88.
7. Chen, T.C., Lin, T.J., Kuo, Y.L. and Wu, W.L. 2003. Genetic fingerprinting of orchid by molecular markers. The Eighteenth Joint Annual Conference of Biomedical Sciences 22-23 March, 2003. Abstract book: 89.
8. Chen, T.C. and Wu, W.L. 2003. Construction of a BAC library and its application to the identification of simple sequence repeats in *Phalaenopsis* orchids (*Phalaenopsis equestris*). 2003 International Symposium on Plant Biotechnology. 1-4 October, 2003. Program handbook: 48.
9. Hwang, M.D., Wu, T.S. and Wu, W.L. 2003. Genome-wide identification of ABA-regulated genes in *Arabidopsis thaliana*. 2003 International Symposium on Plant Biotechnology. 1-4 October, 2003. I-Lan, Taiwan. Program handbook: 49.
10. Chang, C.W., Yang, M.L. and Wu, W.L. 2003. Cloning and molecular analysis of a cDNA encoding ethylene receptor PeERS from *Phalaenopsis equestris*. 2003 International Symposium on Plant Biotechnology. 1-4 October, 2003. Program handbook: 50.
11. Chen, T.C., Han, S.Y. and Wu, W.L. 2003. Construction of a HindIII

bacterial artificial chromosome library and its use in identification of clones associated with microsatellites in *Phalaenopsis* orchids. The 24th Annual Conference of the Botanical Society of the Republic of China and Symposium on Growth and Development of Plants. 22-23 November, 2003. Taichung, Taiwan. Abstract book: 66.

12. Hwang, M.D. and Wu, W.L. 2002. Discovery of abscisic acid-induced genes in silicon. The Seventeenth Joint Annual Conference of Biomedical Sciences 23-24 March, 2002. Abstract book: 110.

13. Hwang, M.D. and Wu, W.L. 2002. A computerized management system for plasmid database. The Seventeenth Joint Annual Conference of Biomedical Sciences 23-24 March, 2002. Abstract book: 110.

14. Hwang, M.D. and Wu, W.L. 2002. A bioinformatic approach for abscisic acid-induced genes discovery in *Arabidopsis*. Symposium on Molecular Genetics of Plants. 30 August-1 September, 2002. Abstract book: 40.

15. Hwang, M.D. and Wu, W.L. 2002. In silico cloning and functional analysis of ABA-induced genes in *Arabidopsis thaliana*. The 23rd Annual Conference of the Botanical Society of the Republic of China and Symposium on Functional Genomics of Plant. 23-24

November, 2002. Taichung, Taiwan. Abstract book: 30.

16. Lin, T.J., Chen, T.C. and Wu, W.L. 2002. Isolation and characterization of microsatellites in the orchid *Phalaenopsis amabilis*. The 23rd Annual Conference of the Botanical Society of the Republic of China and Symposium on Functional Genomics of Plant. 23-24 November, 2002. Taichung, Taiwan. Abstract book: 71.

17. Lin, T.J., Chen, T.C., Chen, Kuo, Y.L. and Wu, W.L. 2002. Development of microsatellite DNA markers for *Phalaenopsis* orchids. International Symposium on Agricultural Biotechnology. 13-14 December, 2002. National Cheng Kung University, Tainan, Taiwan, Poster contents: 182.

18. Wu.Y.C.,Tasi,W.C. and Wu,W.L.2001.Cloning and expression of a orchid of ETHYLENE-INSENSITIVE (EIN3) homolog. The Sixteenth Joint Annual

Conference of Biomedical Sciences.24-25 March,2001.Abstract
book:118

19. Wu.Y.C.,Hwang,M.D.,Tasi,W.C. and Wu,W.L.2001. Molecular cloning and characterization of a orchid ethylene-insensitive3 (EIN3) gene.The Second International Symposium on Biotechnology of Tropical and Subtropical Species.5-9 November.2001.Taipei,Taiwan.Abstract book:43.
20. Hwang, M.D., Wu, W.L., Fu, Y.M. and Chen, W.H. 2001. The application of chloroplast and mitochondrial DNA clones in identifying maternal donors for hybrid species of *Phalaenopsis*. The Second International Symposium on Biotechnology of Tropical and Subtropical Species. 5-9 November, 2001. Taipei. Abstract book: 45.
21. Chiang, T.Y., Chou, C.H., Wu, W.L. and Chiang, Y.C. 2001. Nucleotide Sequence Diversity at the Methionine Synthase Locus in Endangered *Dunalia sinensis*: An Evaluation of the Positive Selection Hypothesis. International Symposium on Genetic Diversity of Plants. 10-11 November, 2001. Kaohsiung, Taiwan. Abstract book:21.
22. Hwang, M.D., Lin, T.J. and Wu, W.L. 2001. Cloning and evolutionary relationships of phosphoenolpyruate carboxylase genes in *Phalaenopsis* orchids. International Symposium on Genetic Diversity of Plants. 10-11 November, 2001. Kaohsiung, Taiwan. Abstract book:36.
23. Hwang, M.D., Chang, C.W. and Wu, W.L. 2001. Genomic organization and molecular evolution of the *Miscanthus* α -tubulin genes. International Symposium on Genetic Diversity of Plants. 10-11 November, 2001. Kaohsiung, Taiwan. Abstract book:37.
24. Hwang, M.D. and Wu, W.L. 2001. A computational approach for abscisic-induced genes discovery. The 24th Annual Conference of the Botanical Society of the Republic of China. 22-23 December, 2001. Abstract book:47.
25. Chen, C. L., Tseng, I. C., Wu, W. L. and Chen, W. M. 2000. The community structure of ammonia-oxidizing bacteria in Nanjen lake of Nanjenshan

forest ecosystem. Fifth International Symposium on Environmental Biotechnology. 9-13 July, 2000. Kyoto, Japan. Abstract book: 214.

26. Wu, Y. C., Tsai, W. C. and Wu, W. L. 2000. Screen of ETHYLENE-INSENSITIVE (EIN3) genes from *Phalaenopsis* orchids. The 23rd Annual Conference of the Botanical Society of the Republic of China. 2-3 December, 2000. Abstract book: 50.
27. Shiao, I. L., Hwang, W. D. and Wu, W. L. 2000. Molecular analysis of phosphoenolpyruvate carboxylase genes from *Phalaenopsis* orchids. The 23rd Annual Conference of the Botanical Society of the Republic of China. 2-3 December, 2000. Abstract book: 51.
28. Huang, C. Y. and Wu, W. L. 2000. Genomic structure of the *Miscanthus* α -tubulin genes. The Fifteenth Joint Annual Conference of Biomedical Sciences. 25-26 March, 2000. Abstract book: 190.
